

Fall

Why be shy girl
I'm not here to judge you girl
Just here to love you girl
Open up your heart to possibilities
Won't you lay with me (Won't you lay...with me)

Tonight we have so much in store
I want to feel you, and fill you
Wait for it (I know I'm getting closer babe)
Wait for it (I know it feels so close)
So close...

Hook
When you and I arrive
Like the tear in your eye
We fall...

When you and I arrive
Just like a tear in your eye
We fall...in love

Girl...
Let us continue
You're all I'm into
Let's loose ourselves, forget time
Our energies will pave the way
Until the day... (they return)

Tonight we have so much in store
I want to feel you, and fill you
Wait for it (I know I'm getting closer babe)
Wait for it (I know it feels so close)
So close...

Hook
When you and I arrive
Like the tear in your eye
We fall...

When you and I arrive
Just like a tear in your eye
We fall...in love

Hook

When you and I arrive
Like the tear in your eye
We fall...

When you and I arrive
Just like a tear in your eye
We fall...in love

When you and I arrive
Like the tear in your eye
We fall...

When you and I arrive
Just like a tear in your eye
We fall...in love
